About the Authors

Dr. Kuparala Venkata Vidyasagar working as a Lecturer in the Department of Mathematics, SVLNS Government Degree College, Bheemunipatnam has about 22 years of teaching experience. He received his Ph.D. degree from Dr.B.R.Ambedkar University, Hyderabad. He has published 18 research papers in UGC care listed (Group I & Group II) both National and International journals and 12 research papers in the proceedings of various international conferences. He has received several best paper awards for his research papers at various international conferences. His areas of research include Complex analysis, Boundary Value Problems, Modeling and Near Rings.

Dr. O.V. Shanmuga Sundaram working as an Associate Professor & Head in the Department of PG Mathematics, Sree Saraswathi Thyagaraja College has about 31 years of teaching experience. He received his B.Sc & M.Sc. degree in Mathematics from Bharathiar University, Coimbatore and M.Phil degree in Mathematics from Alagappa University, Karaikudi. He received Ph.D. degree in Mathematics from Bharathiar University, Coimbatore, Tamil Nadu State. Also, he received PGDCA and M.Phil degree in Computer Science from Bharathiar University, Coimbatore. He has published 12 research papers in refereed International journals and 16 research papers in the proceedings of various International and National conferences. He is guiding 5 Ph.D. Research Scholars. He has completed 8 NPTEL online courses. He is Subject Expert in various autonomous colleges. His areas of research include Graph Theory, Automata Theory, Differential Equations and Operations Research. He is the reviewer of 2 journals. He is an active member of ISTE and IAENG.

Dr. P. Ramulu working as a Senior Assistant Professor in the Department of Mathematics, Head Department of Mathematics and Controller of Examinations in M.V.S. Govt. Arts & Science College (Autonomous) Mahabubnagar. He has about 12 years of teaching experience in both UG & PG. He received his Master degree and Doctorate of Philosophy from the University of Hyderabad. He received Telangana state Best Teacher Award from Telangana State in 2022. He has published 32 research papers in refereed International journals and 5 research papers in the proceedings of various National/International conferences. He has involved in several academic Activities and administrative activities. His area of research focuses on the area of Location of Zeros of Polynomial, Analytic functions and Polar derivatives of the polynomials with varied Coefficient in complex analysis. He is an active member of APTSMS, IAENG and Ramanujan Mathematical Society.

Mr. V. Gopinath has been working as an Associate Professor in the Department of Mathematics at CH.SD.St. Theresa's College for Women(A), Eluru, Andhra Pradesh for the past 14 years, out of a total teaching career of 23 years. Being active M.Phil student at Krishna University, Machilipatnam explored new horizons of publishing multiple research papers in Scopus, WoS and SCI journals, involving in many major and minor research projects like RUSA 2.0 are one of his many expertise. Zeal to impart knowledge be it his favourite subject Mathematics especially Algebra and involving in variety of co-curricular made him Faculty in demand.

Request for Sanctioning Publication Charges

To:

The Principal,
MVS Govt. Arts & Science College (A),
Mahabubnagar

Date: April 12, 2024

Subject: Request for Sanctioning Publication Charges for Book titled "Bharat Vande Jagadgurum"

Respected madam,

I am writing to respectfully request financial assistance for the publication charges of my book titled "Bharat Vande Jagadgurum." The book, a collection of 103 poems, was published in October 2023 by Orange Publishers, Kolkata, West Bengal. The publication of this book represents a significant contribution to the field of literature. I personally covered the publication charges of ₹16,756 (Sixteen thousand and seven hundred and fifty six Rupees only) to Orange Publishers. I kindly request you madam to consider sanctioning this amount to support the publication of this literary work. I have attached a receipt and publication details for the reference.

Thanking you

Yours Faithfully

Dr. G. Ranga Suryanarayana
Assistant Professor of English
MVS Govt. Arts & Science College (A)
Mahabubnagar

first poem

In the land of ancient lore, where stories unfurl,
Bharat's history paints narratives, a precious pearl,
Amidst its treasures, a challenge so clear,
The fight 'gainst superstitions, we must revere.

Enlightenment beckons with its radiant glow,
To liberate minds from beliefs that sow,
Seeds of fear and ignorance deep within,
A call for awakening, a revived journey to begin.

From the sacred *Ganges* to the Himalayan peaks,
A quest for truth, the soul's journey seeks,
Where mysticism dances with ancient lore,
A revolution awaits, knocking at wisdom's door.

In temples adorned with gods and goddesses fair,
Devotion and rituals fill the air,
But superstitions cling like a stubborn vine,
Binding minds, inhibiting the divine.

Yet whispers of change are on the breeze,
As seekers desire to break free with ease,
They seek the light of reason and science's might,
To dispel the darkness, embrace truth's light.

From rural hamlets to bustling cities' embrace,
A wave of knowledge sweeps, leaving no trace,
Of superstitions that once held sway,
As the dawn of enlightenment lights the way.

Education, the torchbearer of change,
Ignites minds with wisdom, a wide-ranging range,
With knowledge as the sword, they fight,
To free their fellow beings from the shackles of night.

Leave behind the seeds of woe,
In the garden of progress, let kindness grow,
Let bridges rise above the divide,
With trust and compassion as our guide.

So let's embrace the better way,
Where differences fade in the day,
In unity's arms, we find our grace,
And in our progress, we find our place.

CIII

O Almighty! In endless expanse,
You stand as infinite, a cosmic dance,
From the boundless, the cosmos springs,
Infinite birth, the universe's wings.

From infinity, infinite births arise,
Yet in infinity, the source never dies,
Taken from infinite, infinite sustains,
A cycle eternal, where wonder reigns.

O Almighty! Let Peace reside,
In every corner, let love abide,
From cosmic depths to earthly air,
May peace's embrace be everywhere.

In the vast unknown, let hearts find ease,
A tranquil whisper, a gentle breeze,
In the infinite, let harmony cease,
May peace be our anthem, our universal peace.
